CLEANING CASEMENT WINDOWS

Champion Casement windows are a great choice for over your sink, counter, or appliances and provide an unobstructed view. Casement windows are designed for easy cleaning from the interior of your home. This page will take you through 6 easy steps on how to clean your Champion casement window.

Step 1

Grabbing both sides of the screen, push down then pull out to remove the screen.

Step 2

Now you are ready to clean the inside of the glass. Spray the inside of the window and wipe it down.

Step 3

To clean the exterior of your window, first unlock the window by pushing the latch upwards.

Step 4

To open the window, pull the crank out of its pocket and turn the crank until the window is all the way open.

Step 5

When fully open, reach between the frame and sash to spray and wipe down the exterior of the window.

Step 6

Once finished, crank the window closed, lock the window, and place the screen back in.
